Make sure no obstacles are in the desk's path.
Make sure the desktop is not touching any walls.
Make sure all cords are appropriate length to accommodate
the change in height.

IMPORTANT: You must INITIALIZE the desk prior to first use.

Controller Initialization- Press and hold the Down button on the controller until the desk reaches its lowest height, slightly raises, and stops. Release the down button, your desk is now ready for use. (Following the "USER MANUALS" to use your desk)
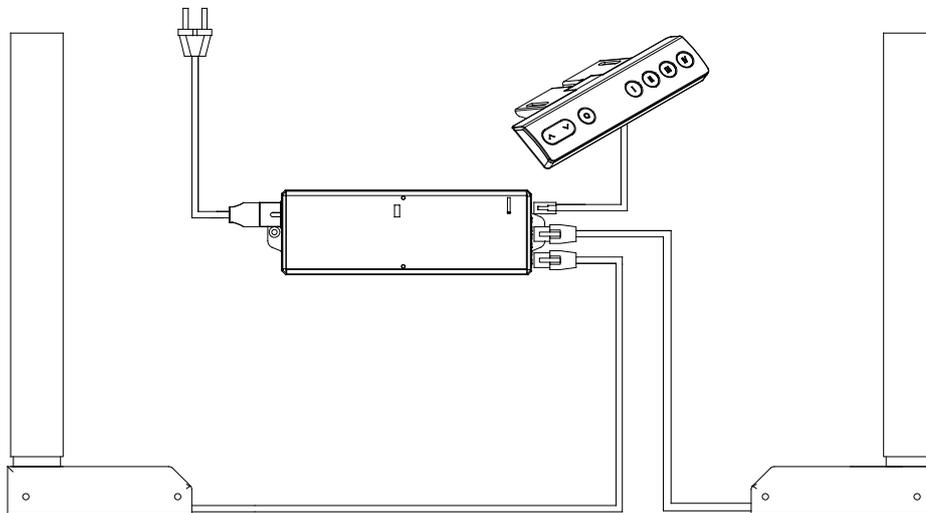

TROUBLESHOOTING

If the table is not functioning properly it may need to be reset. Unplug the

power cord for 20 seconds. Plug the power cord back in and follow

the RESET procedures;

If the error message persists after the reset procedure, please contact your dealer;

If the height between the legs exceeds 1.5 inches, stop the reset procedure,

please contact your dealer;
